 New Delhi

Dear *Tmo Pachauri*

Over the past week, we have received a large number of tributes to Dr R K Pachauri. All of them were uploaded to our website so that visitors could scroll through them.

We have put together all of these messages in a hard copy, which is attached.

With *regards*

Yours sincerely,

Ajay
 (Ajay Mathur)

Encl: as above

Dr R K Pachauri

**Messages from his friends and colleagues,
*in memoriam***

These messages have been uploaded to the TERI website, and featured on the main page of the website

Manmohan Singh

Rajya Sabha

February 14, 2020

Dear Dr Saroj Pachauri ji,

I have learnt with profound sorrow about the sad and untimely demise of your beloved husband Dr R K Pachauri. I have fond memories of working with him for a very long period. His contribution to the global sustainable development is highly appreciated. He played a pivotal role in growing TERI to a world class organization. His leadership of the IPCC laid the ground for the discussions on climate change. In his death our country has lost a great environmentalist.

I write to convey to you and other members of your family my deepest condolences on this sad occasion. May God give all of you the strength to bear this great loss with courage and fortitude.

Yours sincerely,

Manmohan Singh

TERI

Dear Dr Mathur,

On behalf of the Norwegian Embassy, New Delhi, I express my heartfelt condolence on the sad demise of the Founder Director of TERI, Dr R K Pachauri.

Dr Pachauri immense contribution to society, through his work in the field of energy, environment and sustainable development, will be remembered by one and all, with gratitude. His death is a big loss to the sustainable development community, not only in India but globally. My deepest sympathies go out to his family and to the TERI family.

May his soul rest in peace.

Sad to know about passing away of RK Pachauri, Founder Director of TERI and former head of IPCC. He pioneered research based advocacy on environmental issues, led campaign on Climate Change, organised high profile sustainability summits, and created global awareness on need for change.

- Suresh Prabhu, former Union Minister of Commerce & Industry, and Civil Aviation

Subject: Re: Request for representing IPCC at Dr Pachauri's prayer meeting

Dear Ritu,

Thanks for your email. IPCC communications did send a mail informing Dr. Pachauri's death. I am sure there will be more coming from IPCC. Formally, there is an IPCC Plenary meeting starting Feb. 24 in Paris.

I cannot write on behalf of IPCC. But, more importantly, I wish to send my own tribute (see below). I request you to kindly forward this to Dr. Pachauri's family.

Tribute to Dr. RK Pachauri,

It is with a heavy heart I send this tribute on the death of Dr. RK Pachauri. It has been my privilege to have known him for nearly four decades. Following the oil crisis in the 1970's, energy policymaking came to be central to the national economic policies. Dr. Pachauri provided leadership to the intellectual and institutional aspects of this challenge. He was among the few intellectuals globally who visualized the nexus of energy, environment, sustainable development and climate change. Dr. Pachauri was a visionary with practical slant. As an IPCC author, I had the privilege to observe his leadership as the IPCC Chair. As a colleague, I shall remember him as an intellectual with global vision. More so, I shall continue to respect him as a friend with mind and heart rooted on India's development.

Best regards,

Priyadarshi Shukla
IPCC WGIII Co-Chair

Subject: Deep condolences on the demise of Dr. Pachauri
Importance: High

Dear. Ajay,

I am writing to express my sincere condolences on the passing of Dr. Rajendra Kumar Pachauri, former DG of TERI, and former chairman of Intergovernmental Panel on Climate Change (IPCC). I can understand very well what you are going through, having lost your former leader and a great colleague.

As the founder and ex-Director General of TERI (The Energy and Resources Institute), Dr. Pachauri was an Indian energy and climate change authority with remarkable qualities; he will always be remembered among us as a vocal advocate of tough action against global warming.

Under his strong and wise leadership of the two assessment cycles (AR4 and AR5, 2002-2015), IPCC provided the scientific foundation to enable the world reach consensus on climate change and hence the Paris Agreement. His role was pivotal in lifting up the scientific and political profiles of the IPCC as a collective laureate of the prestigious Nobel Peace Prize shared with Mr. Al Gore in 2007.

Once again, I would like to express my personal condolences to Dr. Pachauri's family, friends and colleagues during this period of mourning. I knew him personally since 2004, he will be dearly missed.

Yours sincerely,

Jian,

A friend of Dr. Pachauri, former Deputy Secretary of IPCC

Dr. RKP was a wonderful person, who will be so sorely missed. His warm spirit and generosity was a joy to all, who knew him. I was so sorry to hear about the untimely passing of our former boss Dr. RKP. I had an association with him since 1988, when I joined TERI. He was truly an incredible person, who had such an amazing effect on everyone who knew him. I cannot imagine how difficult this is to believe and am very much saddened to hear this news, and most sad day for all those, who have been associated with him in one way or the other. However, it is a personal loss to me but this loss is far bigger to the society. His warmth and generosity made us all better people and we consider ourselves lucky to have known and worked with him. He will be miss terribly. Professionally, I do not see any match to him. He taught climate change and sustainability to the whole world.

May the soul of the dearly departed rest in peace, and may my prayers help guide him the journey to our Creator. May our Lord bless and comfort the entire family during this time of grief. May my condolences bring comfort and may my prayers ease the pain of this loss.

Please accept our sincerest condolences,

I vividly recall my first meeting with Dr Pachauri way back in 1985 at 90 Jor Bagh and was impressed by his indepth knowledge of Biological Sciences. We had innumerable interactions during my tenure (July 1985 to April 2009) and cherish his valuable guidance. Words are not enough to describe the energetic, visionary, self disciplined, charismatic personality that we all fondly called 'Pachy'. Apart from his professional excellence known to everyone, he had great humane qualities which I can never forget. Would like to narrate just a few examples from many.. on learning that my husband, with a rare blood group, had to undergo heart bypass surgery at AIIMS, Dr Pachauri arranged to get the blood group tested for all TERI employees and a list was prepared of standby donors. Later again he was instrumental to seek an out of turn appointment for my daughter at TMH, and all this voluntarily, without asking for! One side he was a strict disciplinary in official works and on the other a caring head of TERI family in true sense, extending support to all during testing times. I am thankful to God that I got the opportunity to meet him in Oct 2019 and tell him personally that I am ever indebted to TERI and to you Sir!

I pray to Almighty to rest you in peace and provide courage to family to bear this loss.

My heartfelt respect and condolences for a great soul, a towering personality, a stalwart, an activist, a visionary and all that he was. His contributions to TERI, IPCC or in the global environmental circuit are just irreplaceable as well as unforgettable and moreover, he was able to develop a connection with each and every individual he has communicated with, how much ever insignificant he or she may be.

I remember the first time when I met him, he had came up all alone upstairs in first floor lab of TERI Guwahati, where I was working alone and said "Hi!.how are you? what work you are doing right now?.I was just stunned. He was so casual, warm and down to earth. After that I had interacted with him many times, and each time he would make me extremely comfortable. May his soul rest in peace, may his family members find solace.

Subject: Memories Can Comfort

It's never easy when we lose someone as dear as our Dr. R. K. Pachauri. It is hard to live without missing his presence. In our hearts, his memory lives and his love endures.

What he achieved in his one life time, many don't achieve in many lives. He was always kind, generous, courteous, caring, well meaning and an invaluable member of the society. He was a fatherly figure for me. One must be grateful for all that he has endeavoured to bring positive changes for the betterment of all our lives.

May his beautiful memories give strength and comfort. May God's love heal sorrow. May the prayers of family, friends, and colleagues ease hurting. May God's peace replace heartache with warm and loving memories.

Wishing the Pachauri family comfort at this heart-rending moment. We understand that sorrow knows no bound when a dear one is lost. The heart aches in pain as memories remain. His love lives on forever.

I share your sorrow. My heart goes out to his dear ones. I am extremely sorry and sad.

May God be with him and each member of both his families (Pachauri family and TERI family).

Please accept my heartfelt condolences. We all pray for the peace of the departed soul and for the family members to bear this loss with fortitude.

May he be in peace. Our prayers for him.

God bless. Om Shanti.

In grief

Deeply saddened to hear the demise of Dr Pachauri. My father (V Gopinathan) was associated with Teri & therefore with Dr Pachauri since Teri's formative years. In those days Teri's office was housed in a bungalow in Jorbagh area. Dr Pachauri used to actively participate in the winter picnics at Gaurpadi. He delighted us by gracing the wedding reception function of my daughter at Delhi Flying Club in 2005. He will always be remembered as a good, kind & a benevolent person.

My heartfelt condolences to the bereaved family. May his soul rest in peace.

Subject: In memory...

Dr Pachauri -- For me the words are synonymous with a vision for a safe and equitable world. I worked closely with him for over three decades. Many of my former colleagues have spoken about his caring, his empathy, his compassion - that he carried on his sleeve, his belief in his colleagues and his inherent professional integrity. And he had an abundance of these attributes. But, we also had the opportunity to witness his single minded devotion to making TERI a great Institution. An Institution with scientific capabilities that would match up with similar global institutions. And, he placed TERI on the global map. Yet grounded it too to respond to the challenges of the poorest communities. TERI developed under his vision and leadership as a policy think tank, a scientific research Institution, an academic Institution and an NGO rolled into one. It integrated the three pillars of sustainable development and ensured that it took a multi-stakeholder perspective to problem solving - making each and everyone of us proud to be part of this globally unique, ahead-of-its-time Institution.

Behind the scenes, he lived, breathed and got his sustenance from TERI. There was a willingness to fight for what he wanted to achieve, to push himself to the point of punishment in his quest to raise funds and make an impact, to strive towards providing a happy and equitable working environment for all employees, and to create a culture of performance. And for this last - he cajoled us, he encouraged us, he even blackmailed us! And, of course, he played cricket with a passion that many much younger colleagues envied!

While each one of us who worked with him will have our own personal memories to treasure, Dr Pachauri must be remembered as one of the great Institution builders of our country! As someone who helped developing countries as a whole to hold their own in international climate and sustainable development negotiations!

You will be greatly missed at all levels and by the thousands that have gone through TERI, Dr Pachauri!

Dear Colleagues,

I am very saddened to hear of the passing away of Dr Pachauri.

I worked closely with Dr Pachauri when I was in the Ministry of Environment & Forests. His breadth of vision was apparent in any exchange of views, much of it rooted in his commitment to establishing a multifaceted TERI with an enduring presence.

Dr Pachauri will be remembered for a lifetime of accomplishments and also for nurturing the endeavors of others. Building TERI and steering the IPCC in the direction of becoming the preeminent global voice in our understanding of climate change were among Dr Pachauri's many achievements.

My thoughts and prayers are with the family of Dr Pachauri.

Vijai Sharma

Dear Mr Chairman Mr Nitin Desai,
Dear Mr Director General Dr Ajay Mathur,

It is with deep sorrow that I received the announce of the dismiss of Dr R K Pachauri.

I had the privilege as Ambassador of meeting him only once but I could feel his deep concern for developing relations throughout the world for sustainable development and I was impressed by his great personality.

His contribution as Founder-Director of TERI and under his leadership of the IPCC was deeply recognized by His Serene Highness Prince Albert II of Monaco and by the members of the Board of Directors of the Foundation Prince Albert II of Monaco.

He was one of the first voices to rise awareness of the importance of protecting our environment at a moment when the cause was not an international priority. His example will remain forever for those who have now the responsibility to take actions for the preservation of our planet.

In this hours of grief, I address all my condolences to his family and to the TERI family.

Patrick Medecin
Ambassador of Monaco to India

This is my message that you can upload to your website.

I forwarded your mail to the Cabinet of H.S.H. Prince Albert II, to HE Bernard Fautrier and to Olivier Wenden.

Being in communion of thoughts and prayers with you and with my condolences.

स्वर्गीय डॉ. राजेंद्र कुमार पचौरी जी की

याद में

एक दमदार शख्सियत एक लाजवाब इंसान प्यार से कहलाते पैची,

ऐसे दिग्गज दुनिया को कभी कहते नहीं अलविदा,

जाने के बाद भी अपने काम से वो रहते हैं सदा जिंदा,

दुनिया में उनकी पहचान कभी खत्म होती नहीं,

मंजिल पर रखते हैं वो नज़र बने बनाए रास्तों पर कभी चलते नहीं,

जो खुद तलाशते हैं अपने रास्ते सबको सही राह भी दिखाते हैं

वही,

और दुनिया में अपनी मेहनत से कहलाते हैं राजेंद्र कुमार पचौरी,

यूं तो आसमान में कई पतंगे लेती हैं उठान,

पर जिस में ऊंची उठान भरने का होता है जज़्बा,

वही पतंग हर बाज़ी को मात देते हुए आकाश में लहराती है सबसे

ऊपर,

जिनके बचपन से हौसले बुलंद हों वो कभी रुकते नहीं,

अपने पांव के छाले उन्हें कभी दिखते नहीं,

ऐसे ही जज़्बे के साथ 20 अगस्त 1940 को पैदा हुए आर.के.पचौरी,

नैनीताल से लखनऊ जाकर ली अभियांत्रिकी की शिक्षा,

1958 में रैलवे की नौकरी मिलने पर भी वो ना रुके वहीं,

1972 में नौकरी छोड़ चले गए विदेश करने एम.एस - पी.एच.डी की
पढ़ाई,

1974 में उनकी थीसेस गतिशील मॉडल कहलाई,

1975 में प्रोफ़ेसर बन कई छात्रों को दिया ज्ञान का प्रकाश,

जब देश लौटे तो 1976 तक भारतीय प्रशासनिक कर्मचारी
कॉलेज में किया काम,

1982 में बतौर डायरेक्टर टेरी की संभाली कमान,

1987 में आई.एच.सी के मंडल में शासक के रूप में हुए
शामिल,

1988-1990 तक इंटरनेशनल एसोसिएशन फॉर एनर्जी
इकोनॉमिक्स के रहे शासक,

1990 में वाशिंगटन डी सी के विश्व बैंक में विसिटिंग रिसर्च फ़ैलो
बनकर किया काम,

1993-1995 तक वर्ल्ड रिसोर्स इंस्टीट्यूट काउंसिल के शासक
के रूप में किया काम,

1991-1997 तक अन्तरराष्ट्रीय सौर गठबन्धन के बोर्ड के रहे
सदस्य,

1994 से 1999 तक जलवायु परिवर्तन के लिए यूनाइटेड
नेशन डेवलपमेंट प्रोग्राम के रहे सलाहकार,

2001 में भारतीय प्रधानमंत्री के इकोनॉमिक्स एडवाइजरी
काउंसिल के भी रहे सदस्य,

2001 में भारत सरकार ने पद्म भूषण पुरस्कार से किया सम्मानित,

2002 में आई.पी.सी.सी के अध्यक्ष बनकर किया काम,

2007 में आई. पी.सी.सी के प्रतिनिधी के तौर पर एल.गौर के साथ
जीता नोबेल पुरस्कार,

2007 में ही ग्लोबल इंडियन ऑफ द ईयर पुरस्कार से भी हुए
सम्मानित,

2008 में यूनाइटेड नेशन इंडस्ट्रियल डेवलपमेंट ऑर्गेनाइजेशन ने
सदभावना राजदूत के पुरस्कार से किया सम्मानित,

2008 में भारत सरकार ने पद्म विभूषण पुरस्कार से किए गए
सम्मानित,

13 फरवरी 2020 को उन्होंने ली आखरी सांस,
वो आज भले ही दुनिया में मौजूद नहीं हैं लेकिन उनका काम सबको
आज भी देता है प्रेरणा,
अगर एक सख्त बॉस के रूप में थी उनकी पहचान तो वहीं सबकी
मदद करने में भी थे वो सबसे आगे,
कितनो की जिन्दगी उन्होंने दी सवांर की आज कई लोगों को उनकी
वजह से मिली है पहचान,
ऐसे महान इंसान को जलवायु परिवर्तन के प्रति किए गए उनके हर
काम को हमेशा रखा जाएगा याद,
दुनिया तो उनके काम को कभी भूल नहीं पाएगी वहीं टेरी को इस
ऊंचाई तक लाने के लिए हम हमेशा रहेंगे उनके दिल से शुक्रगुज़ार ।

Dear Ajay,

Extremely saddened to learn about the untimely passing away of Dr. Pachauri. my dear friend Patchy. He was an outstanding institution builder and a devoted environmentalist. He built TERI into a world class multidisciplinary institution by his utter dedication, deep passion and unwavering commitment. I have had always great admiration for his outstanding leadership qualities and for his global perspectives on environment and sustainable development. He has left behind a formidable legacy by his immense contribution at the national as well as at the international level. His stewardship of IPCC, as its chairman, was remarkable and it won him a great deal of admiration and recognition.

My close association with him for more than four decades has left an indelible impression on me of his tireless endeavours and his tremendous achievements. He has left behind an immensely valuable and lasting legacy. I pay my tributes to an outstanding individual, and my dear friend Patchy, who is sadly no more with us.

Please convey my heartfelt condolences to Saroj and to other members of his family. My wife also sends her heartfelt condolences to the bereaved family.

May his soul rest in peace.

Regards

Family of Dr. Pachauri and Members of TERI Family,

We are extremely saddened by reading in the TOI about the sad and untimely demise of Dr. R.K. Pachauri's. He has been the strongest pillar of TERI since its inception and also a global figure on issues related to "Energy, Environment and Sustainable Development (EESD) and his loss is irrecoverable for the EESD community including us. Dr. Pachauri has been our collaborator and mentor at personal level and both he and his daughter have been expert visitors at our institute (IGIDR, Mumbai).

Our heartfelt condolences to Dr. Pachauri's bereaved family and TERI members.

May his soul rests in peace,

Dr. Vinod Sharma and Dr. Sangeeta Sharma

Subject: Lying -in -State for Dr. Pachauri

It was an awesome gesture on your part to have Dr. Pachauri-lying-in state at the TERI premises, an institute he truly nurtured and made internationally famous through his untiring networking efforts.

It is quite a challenge for anyone. He far surpassed his technical training and education to reach out to the world an idea he strongly believed in and supported it with necessary finances subsequently. I truly respect him for what he was able to contribute to the global economy global environment and India national agenda for climate change.

I believe we lost a valuable human resource we had created for our country. I want to pass my condolences to his family but don't know how.

Thank you for your patient reading, appreciate your time

Yours truly

Jyotsna Bapat

Subject: Heartfelt Condolence to Dr. Pachauri's family and larger TERI Family

Dear Dr. Mathur,

We at CGED-Nepal are grieved and shocked to read the news of the sudden passing away of Dr. R.K. Pachauri. Padma Bhimbushan and Padamashree Dr. Pachauri was a great global leader in climate change and sustainable development and a very kind human being. At his loss, we have lost a great scientist, an excellent orator and a great friend of Nepal.

May we request you to kindly convey our heartfelt condolence to his family and strength and resolve to come over the loss. We pray for eternal peace and tranquillity for the departed soul?

Madhav

Subject: Fw: Dr R K Pachauri is no more

Dr R K Pachauri, the advocate of sustainability of the planet Earth and crusader of fighting climate change is not between us today. He provided great leadership to the IPCC and brought attention of policy makers to consequences of the climate change. The crowning glory came when IPCC was awarded the Nobel Prize for peace. He travelled almost non-stop for campaigning the cause of climate change. He talked to world political leaders, scientists, civil society and to define global policy for addressing issues related to climate change. His contributions to the cause of climate change will be always remembered.

He was great institution builder. He nurtured TERI from its inception and made it a world-class Institute in a very short time. Not only that, he inspired many young scientists, nurtured talent and later these people became leaders. These young leaders pursued outstanding research and innovation to take TERI at great heights. Today, TERI has been recognised as a premier institute in the field of energy, biotechnology, environment and sustainability. His idea of setting up TERI School of Advanced Studies was a visionary step. He had realised that we will need leaders to address issues related adaptation and mitigation of climate impacts, and formal education is the answer. Today TERI-SAS has been in fore front in building capacity for ushering sustainability.

He had great network and contacts among political leaders, opinion makers, diplomats, industrialists, all walks of Society. He was great sport lover and was playing cricket till few years ago. I lost a personal friend whose memories, I shall cherish forever. May his soul rest in peace.

Dear Dr Mathur,

I deeply mourn the passing away of Dr Rajendra Pachauri , one of my dear friends and a comrade in the crusade for better national energy and environment policies that are essentially knowledge based. For doing this well he tirelessly worked and successfully created a world class think tank called TERI. He was undoubtedly one of our best institution builders.

Dr Pachauri was also a keen strategic thinker and over the period of more than three decades he helped the different governments of our country to chart out national policies that promote the goals of sustainable development. Whether I was working with the Finance Ministry or with the Ministry of Petroleum and Natural Gas he was like a one man think tank to us in working out the sectoral reforms. He was ever willing to help out as he was deeply committed to contribute towards India regaining her rightful place in the global affairs.

He was very affectionate and generous friend of our entire family. Lata and Sujata join me to convey to Saroj and other family members our heartfelt condolences and we join all the TERI colleagues in the prayers.

warm regards,
Vijay Kelkar

Sub: Your kind consideration

Dear Dr. Mathur :

I was extremely disappointed to learn of the demise of a brilliant scientist, Dr. R.K. Pachauri who did so much for the cause of environmental sciences in our country.

It is my keen desire to publish details of his life and works in the Yuvak magazine, a copy enclosed for your perusal.

Please be kind to send a 2-3 page write-up in English or Hindi for the needful.

Thanking You
